

**GOVERNMENT OF ANDHRA PRADESH  
COMMISSIONERATE OF COLLEGIATE EDUCATION  
JKC MONITORING CELL**

**JKC LABS ESTABLISHMENT**

**Introduction**

The Jawahar Knowledge Centers initiated in 2005 by the Government of Andhra Pradesh, has evolved into a dynamic and holistic platform to accommodate the job aspirations of students in degree colleges. It is indeed the firm endeavor of the Commissionerate of Collegiate Education to offer training opportunities on par with international standards of quality. The unprecedented growth of Jawahar Knowledge Center from a mere 11 centers in 2005 to 276 centers in 2009 showcases its phenomenal capacity and efficiency. The state of the art Jawahar Knowledge Center Labs and Language labs in Government Degree Colleges across Andhra Pradesh are part of the Commissionerate of Collegiate Education's positive approach to technologies advances and a clear invitation to potential employment agencies to provide job openings for students in steady work fields.

In fact, there is a growing demand for Jawahar Knowledge Centers in degree colleges availability of Jawahar Knowledge Center training to the poorest of the poor and the marginalized sections of the society is making Jawahar Knowledge Center the most sought after solution to unemployment. The innovative, sophisticated Jawahar Knowledge Center labs coupled with intensive three month training by trained experts in Communication, Soft Skills, Computer and analytical skills are expected to improve the student's ability to compete and succeed. The array of short add-on courses offered in partnership with significant and reliable industries and business consultants not only offer a wide variety of choices but also give students an early entry into the job market and an opportunity to improve their performance and overcome crippling blocks in their career graph.
